Water exercise classes (H₂O-X) are offered to provide low impact whole body conditioning. You burn calories and get a cardiovascular challenge while decreasing stress on your muscles and joints. Instructors for this class are equipped with over 100 different exercises in a variety of formats. We promise you will never be bored or leave unsatisfied with your amount of physical activity in the water! Ages 13 and up. Free to members and \$5 per guest.

TOTS

Toddlers on Thursdays is a fantastic program to help introduce your kiddo(s) to water basics, becoming comfortable in the water, and water safety. This class incorporates fun songs and games into basic swimming skills such as breath control, arm, and leg action, as well as entering and exiting the pool safely. A parent or guardian (15 or older) must accompany each child in the water for the duration of the class. Ages 6 months to 3 years is recommended. 8 lessons for \$45.

Lock-Ins

Lock-Ins are a great tradition at QCC. Drop off your kiddo(s) for a fun filled night of snacks, friends, and a late-night swim! Breakfast is provided the next morning.

Pre-Season Swim Clinic

Day 1 (Wednesday, May 26th)

Join your team for the meet & greet with this season's 2020 coaches! We will focus on starts, turns, finishes, and relays.

Day 2 (Thursday, May 27th)

We will focus on freestyle, then focus on backstroke.

Day 3 (Friday, May 28th)

This final day of the pre-season clinic will focus on breaststroke and butterfly.

Scrimmages

Scrimmages allow our coaches to evaluate progress made by each of the swimmers. Progress will be tracked throughout the swim season of 2021. Data collected within these scrimmages will allow the coaches to acknowledge the hard work put in by the swimmers at the end of the season. Data will be presented at the Junior Sports Banquet in August.

Parent-Swimmer Scrimmages

This is a fun way to start off the 2021 swim season! Parents: grab your flowered swim caps (you know who you are!), a suit, some goggles, and hop in! The scrimmage will consist of relays and individual races based upon which children and parents attend. There will be an end of season parent-swimmer scrimmage as well.

If your family/swimmer(s) is not currently associated with the Stingrays Swim Team, please join this event to see if it something your family/swimmer(s) would want to be a part of!

Necessary Equipment

One-piece Swimsuit

How to measure

Getting a suit that fits well starts with taking accurate body measurements. The measuring tape should be fitted snug against the skin and body for all measurements. We suggest taking measurements in a swimsuit or undergarments (not over clothing) for accuracy.

ENSURE TAPE MEASURE IS TIGHT AGAINST THE SKIN

1. Torso Measurement

Starting at one shoulder, wrap the measuring tape down your body, between your legs right against the leg crease, bringing the tape up your back to the point where you started.

2. Chest Measurement

Measure around the fullest part of your bust straight across the back.

3. Waist Measurement

Measure around your natural waist (smallest part of the waist).

4. Hips Measurement

Stand with your heels together using a tape measure around the fullest part of your hips and rear. Use a mirror standing sideways to ensure you are at the fullest point.

Sport Swim Goggles

Sport goggles have a better ‘shelf-life’ than regular goggles, or ‘fun’ goggles. Please ensure that your swimmer has access to a pair of sport swim goggles. The particular pair shown below can be found at Walmart, Dicks Sporting Goods, or Speedo online. Your swimmer does not have to goggles in this exact model; similar goggles are sufficient.

Reminders and rare last-minute developments will be communicated readily through this platform. Please send a text to 81010 with the message “@8a78fg”.
