What an amazing February we have had. Over the past 12 years we have averaged right around 80 players in the month of February. Three-fourth of the way through February we are right around 350 rounds played. It has for sure been fun to see members out playing golf. This year is the 125th Anniversary of the Club. In the month of March you will see some products coming in with our 125th Anniversary logo. It is an exciting year at the Club and we look forward to celebrating with you. Our 125th Anniversary Celebration golf event will be played on June 17th. Mark your calendars. The format will be a four-person shamble. Signups will open up in March.

So what is new in the world of golf? You are seeing some exciting golf from the West Coast swing on the PGA Tour and now the Tour is heading to Florida. As the Tour heads to Florida that means that the Majors Pool in the Pro Shop begins. You should have seen something in your email boxes on February 22nd. If you have not received the Majors Pool email, please contact the Pro Shop before the Players Championship. We consider the Players Championship the 5th Major and it begins the Majors Pool.

What new products are out? The new TaylorMade Stealth 2 family of woods is out and we are ready to fit you for a new driver, fairway or hybrid upgrade. The new Players series of TaylorMade irons are really good and we are ready to put some new technology in your hands. The Ping G430 woods and hybrids are also new this year. We have had great success with this product already. The new Ping irons should continue to be a popular seller for the Pro Shop. Mizuno has the new JPX923 irons out and we can fit you. Mizuno does an amazing job of blending a club that looks like it is for an elite players but plays great for everyone. Great looking, feels great and forgiving, what more can you ask for. I guess you can ask for lower scores and that leads us into how we can help you in this category. How about our Player Development 2.0 program offered by your QCC PGA Professional staff. Last year your PGA Professional team took individuals and paired them up into 2-3 person teams. These individuals worked together to learn to play and get better at golf. The new 2.0 version of the program will be rolled out starting in late March to early April. We will be signing up 3 individuals per team (yep, grab 2 other friends to enroll in this program) and we will be doing 90% of our learning to play golf on the course. We may start on the range or practice green but you will end up on the course. We feel that you learn more on how to play golf on the course than you do on the range or putting green. Ranges can be boring and the golf course brings a new challenge on every hole. It is hard to simulate real golf on a range. Now that we have peaked your interest, you will see more information coming out and signups in the middle of March for this learning program.

New soft good products continue to come in. We will post on social media every time something new comes into the Pro Shop. We have enjoyed indoor pickle ball at QU over the winter and indoor junior lessons at the QU Golf Team’s Indoor Facility. Now it is time to get ready for the official golf season. Score posting begins on March 1st. Our first event is the St. Patrick’s Day 2 person scramble on March 18th. It will be an 11 a.m. shotgun start and you can sign your 2 person team up in the Pro Shop.

Have a great month of March—signup for the Majors Pool and look for the Player Development 2.0 sign ups in Mid-March.
