The "Second Season" is upon us and that means fall fashions are coming in. Leaves changing colors and cooler temps. We are excited for the Fall Fashions to come in and to put an end to the heat that we experienced in the month of August. 100+ degree days aren't the best for the golf course but Tim and his team have been doing a wonderful job. Please make sure to stop a maintenance worker and thank them for their efforts in the heat. The Member-Guest Invitational is being played on September 14th -16th. It is the best event of the year and we are looking forward to another outstanding week of golf and comradery. As you can see we have had a very busy month at the Club. The calendar is full with outside events and member events but there is still plenty of time for our members to play golf and enjoy the great weather that fall brings. Our Closing Days will be in the first couple weeks of October for both men and women. As you have seen we are doing some testing on some bent grasses and by now you are seeing the grass coming up. We will keep the membership posted on the status of how things are going with the new grass. We are hosting a St. Louis District 2-day event on September 18th & 19th. Contact the Pro Shop to find out more information about the Benson event. In October we always look forward to the Emery Cup matches. After watching the Ryder Cup in September in ROME we will have our own matches in October. The event dates are October 7th & 8th. It is going to be a busy Fall and we look forward to spending time with you at the Club.

## SEPTEMBER

### MEMBERS OF THE MONTH

Hi! I'm Kathy Dooley and I'm Gary Handrick.

We have been members of QCC for almost 32 years. The most positive and long-lasting experiences we have are the relationships we have built over the years- with treasurers of the Quincy community, we've gotten to know parents of students we have taught and built some other very special relationships over the years. We've also built great relationships with a lot of the staff. One of our favorite experiences at the club is the third of July- It's like a family reunion where so many people come to the club. It's always a special time to bring the QHS drum line to perform for us before the fireworks. The entire community of Quincy knows we have a class act here for our fireworks show. We've been to the club for numerous weddings and it's always a special moment to see our students and parents celebrate one of the best days of their lives in such a beautiful fashion. We always enjoyed coming here on New Year's Eve and we would get to see many of our friends and have a fabulous dinner. There was always a fabulous band and we'd dance the night away through midnight and sometimes have fireworks.

One thing you might not know about Mr. Handrick is that before he became a member he was the Pool Manager for numerous years. In the future, Mrs. Dooley would like to see more women in leadership roles. When she joined she was the first woman to ever have her name allowed in the membership book because she didn't have her husband's last name. Mr. Handrick says the club is one of the hidden gems of Quincy- we have such an amazing facility and membership and it's such a wonderful experience. They hope to see younger families join the club to see everything it has to offer. They would like to see more members participate in events that the staff put together- they can't exist if more people don't take advantage and show up for them.

Thank you so much to the staff and our great friends at the country club for more than 30 years of a lot of fun and joy and maybe another 30 years more of wonderful experiences.

To hear their whole interview be sure to check it out on Instagram or Facebook!
